

Research Methods

Day 12: Finalize & Polish Your Presentation

Outline for Today

1. **Finalize and Polish Your Slides**
2. **The Presentation Outline (Checklist)**
3. **Get Ready for Your Presentations**

Welcome to Day 9!

Today's Goal

Our goal today is to finalize and polish your slides.

Get you ready for your presentations.

Presentation Outline

1

Title Slide: Introduce yourself and the project by naming the title, presenters, date of presentation, the institutions at which the study is conducted. Add logos if you can.

2

Topic Slide: Name your global challenge, define it (cite your source), state why this is important (cite your sources).

3

Literature Review Slide: What do you know about this issue based on your literature review? Have a couple statements arranged by ideas/themes. Cite your sources.

4

Research Question Slide: Name your research question(s) and if possible hypothesis.

5

Methods Slide: State that your work is secondary research. Introduce your data source (including the year data was collected) & sample (including its size and key characteristics). Name key variables. Name the tools you used to analyze data.

6

Results Slides: First share descriptive statistics for each key variable (mean, median, mode, range). Provide numbers, graphs, tables as suitable. This can be multiple slides.

7

Discussion: How you interpret what you have found.

8

Conclusion: Final words and good-bye.

9

References: List your references. Be consistent with the style.

Homework – Teamwork

 Finish & Polish

 Relax & Celebrate
